STOMACHS ON STILTS.

The man who puts on stilts does not increase his actual stature. He only feels taller. Stimulants are the stilts of the stomach. They make a man feel better for the time being, but he feels a great deal worse for them afterward.

The need of the man whose stomach is "weak" is not stimulation but strength. Dr. Pierce's Golden Medical Discovery perfectly answers that need. It contains no alcohol or whisky. It cures the weak, foul stomach with its attendant bad smelling breath, coated tongue, bad taste, poor appetite and kindred symptoms.

"In the year 1899 I had an attack of indigestion and got so bad that my home doctor said he could not do me any good," writes Mr. G. Trent, of Gordonville, Texas. "I wrote to you and you advised me to use Dr. Pierce's Golden Medical Discovery, so I bought six bottles, and when I commenced using it I was so weak could hardly walk about the house. By the time I had used one bottle my stomach and bowels commenced to heal. There were strips of the lining of my stomach or bowels (I don't know which) as large as a man's two fingers passed and I had a good deal of misery in my stomach and bowels, and also in the rectum especially. I could not eat anything without having much distress afterward, but by the time I had taken eight bottles of the 'Golden Medical Discovery' I was sound and well, and could eat anything I pleased without suffering in the least. Could also do as much work in a day as I ever could. I have not suffered from the trouble since, and it was four years ago that I was so sick."

The sole motive for substitution is to permit the dealer to make a little more profit. He gains; you lose. Accept no substitute for "Golden Medical Discovery."

Constipation causes and aggravates many serious diseases. It is thoroughly cured by Dr. Pierce's Pleasant Pellets.

THE TOMBSTONE CENSOR.

He Sees That No Unseemly Inscription Mars the Cemetery.

A tombstone censor is employed by most large cemeteries. It is the duty of this man to see that nothing unseemly in the way of a tombstone is put up.

A young engineer in a Norristown mill was killed by the explosion of a boiler, and the family of this young man, believing that the mill owners had known all along that the boiler was defective, actually had carved on the tombstone the sentence, "Murdered by his masters." The tombstone censor, of course, refused to sanction such an epitaph.

On the death of a certain noted prize fighter the surviving brother of the man wanted to put in a glass case beside the grave a championship belt, four medals, a pair of gloves and other trophies of the ring. But the censor's negative was firm.

A widow who believed that the physician was responsible for her husband's death wished to put on the tomb, "He employed a cheap doctor," but the tombstone censor showed her that such an inscription would lay her open to heavy damages for libel.

Atheists sometimes direct in their wills that shocking blasphemies be carved on their monuments. The censor, however, sees to it that these blasphemies do not disfigure the cemetery. —Philadelphia Bulletin.

Consumption

The only kind of consumption to fear is "neglected consumption."

People are learning that consumption is a curable disease. It is neglected consumption that is so often incurable.

At the faintest suspicion of consumption get a bottle of Scott's Emulsion and begin regular doses.

The use of Scott's Emulsion at once, has, in thousands of cases, turned the balance in favor of health.

Neglected consumption does not exist where Scott's Emulsion is.

Prompt use of Scott's Emulsion checks the disease while it can be checked.

News has reached us from Miss Emma Johnson of Belmont, who is touring the south. She is visiting all interesting parts of the south and expects to be joined by her mother in July, at which time they will extend their visit to old Mexico. Estate of Michael Lynch.

Mrs. Mary Lynch has applied in the Superior Court for letters of administration upon the estate of her husband Michael Lynch, who died on May 27th. The petition does not give the value of the estate except that it exceed $10,000. It consists of two valuable tracts of land in this county and considerable personal property. The estate is probably worth $65,000. All the children except the minor heirs have deeded their interests in the estate to their mother.

Death of Mrs. Hussey.

Late Sunday evening Mrs. Alice Hussey died at the home of her sister Mrs. W. W. Hull, San Carlos, after an illness of two weeks. Deceased was a pioneer of the County, having come to the Canyada in the fifties with her husband who was postmaster of Redwood City at the time of his death eight years ago. Mrs. Hussey was a devout Christian woman, fervent in her religious zeal and charatable to all. Her relatives and friends will feel the loss of this good woman.

The funeral took place from Carmel Church Tuesday and the interment was in Holy Cross cemetery, Mento Park.

A Welsh Rarebit

May not be the sole cause of that dream of hades you had last night. Acute indigestion may result in chronic dyspepsia. Dyspepsia and its consequent results—malnutrition—brings in its train all sorts of ailments. The blood stream is vitiated—becomes acid—bringing rheumatism; or it is impoverished and you are anemic. The blood is the life. Good pure blood, thoroughly circulated throughout the system, stands for health. Osteopathy wonderfully stimulates the nervous system and improves the circulation. Dr. Geo. B. Dresbach, at Mrs. Titus' place Tuesday, Thursday and Saturday forenoon.

Rights of Way Filed.

This week two deeds of rights of way were filed in the Recorder's office by the Ocean Shore Railway Company. One was from Perry Morrison, who transfers ten acres of land to the Company and agrees to erect a station on the land. The other is from O. N. Steele, who sells ten acres to the Company for railroad purposes. Alfred D. Bowen, manager of the proposed road, has written Recorder Johnston indicating that a large number of similar deeds are to be recorded in the near future. He wanted to make arrangements to deposit a sum of money to be drawn on as the deeds are filed. From this it would seem the Company means business and before long the coast people will soon realize a long cherished dream, to-wit, a railroad down the coast to Santa Cruz.

CORONER'S OFFICE BUSY.

Andrew Hansen of Belmont Killed by a Locomotive.

Coroner James Crowe has been a busy man for the week past. The angel of death which has been recently hovering over our community and summoning a number of our best citizens to meet their Maker is still at work. Mr. Crowe has three inquests on hand at the present time. That upon the body of unfortunate Mrs. Annie Owens, who met a frightful death at Cypress Lawn cemetery on Decoration Day will be held at the court house Tuesday evening next at 7 o'clock.

On Monday evening Southern Pacific train No. 53 ground into a shapeless mass an oldtime resident of Belmont, Andrew Hansen. Deputy Coroner Fox and Richard Pigion brought the body to the morgue, and as no relatives or friends appeared to claim it Mr. Hansen was buried in the Potters' Field at the expense of the county. The inquest will be held this evening at the town hall at 7 o'clock.

Yesterday at noon word came from San Mateo that the body of a man had been washed up on the beach at that place. Coroner Crowe at once sent his deputies to bring the body here where it will be held for identification.

ROBBED AND BEATEN.

Two Young Men Held to Answer On Serious Charges.

Louis Goertzhain, one of the proprietors of the Redwood City nursery, was beaten and robbed of $180 last Sunday evening while on his way home. He accuses John Tribolet, Con Cronin and William Clifford of the crime. The trio was arrested and placed in jail and their bail fixed at $3000. Tribolet secured bondsmen and was released.

The accused men had their preliminary examination before Judge Hannon Thursday. C. W. Eastin appeared for Tribolet and Charles S. Perry of San Francisco, for Clifford. The complaining witness, Goertzhain, took the stand and said that he was on his way home Sunday evening and when he had crossed the railroad track on Mound street he was hailed by Clifford and Tribolet. He paid no attention to them at first but finally answered them. An altercation took place and Tribolet and witness came to blows. He was shoved against a fence and choked while Clifford stood near him. He was rendered partially insensible by the choking but when he recovered he discovered his money gone, though he was positive he had it in his possession when he met the defendants. M. Chavis and E. Chavis were eye witnesses to the affair and in their testimony in a great measure corroborated the evidence given by Goertzhain. They saw Tribolet attack the complaining witness chocke him, holding him against a fence while Clifford was quite close to the helpless man. Owing to the darkness they could not see if any robbery had been committed. Cronin took no part in the fight.

The defendants produced no evidence on their own behalf. Clifford and Tribolet were both held over to appear before the Superior Court. Cronin on motion of the District Attorney, was dismissed from custody. The missing coin has not been recovered. The defendants say they did administer the threshing as alleged, but did not relieve Goertzhairn of the $180.

Town Council.

A new contract with the Redwood City Water Company was approved at the city council meeting Monday night, by which the price per thousand gallons is raised from 7 cents to 10 cents. According to the terms of the agreement the company is required to show a daily capacity of 300,000 gallons within one year, and if called upon to supply 500,000 per day must do so.

Attorney Abbott representing the United Railroads appeared before the Board and asked for a franchise to construct an electric road to commence at the intersection of the southern boundary line of the City and County of San Francisco with Mission road, and there connecting with the tracks of the railroad to be constructed thereon, thence in a southwesterly direction over, along and upon said Mission road to its intersection with San Jose avenue, and there connecting with the railroads tracks of petitioner already laid upon San Jose avenue.

Mr. Abbott explained that there was only 2,000 feet of road to be constructed and the company desires in building the road was to lessen time of travel. It was shown by Attorney Abbott and the District Attorney that it was not necessary to advertise for bids.

On motion of McCracken seconded by Eikerenkotter Ordinance No. 197 granting the franchise was granted. Mr. Abbott presented the following petition:

To the honorable, the Board of Supervisors of the County of San Mateo.—Gentlemen:

The undersigned respectfully shows: That it is a railway corporation incorporated and existing under and by virtue of the laws of the State of California, and engaged in the operation of a railroad over, along, upon and across certain streets, avenues, highways and roads in the City and County of San Francisco and in the County of San Mateo, in this State; and

That the public convenience requires that a single or double track railroad be operated over, along and upon the following road and highway in the County of San Mateo, hereinafter more particularly described, so that the same may be connected with the tracks of the railroad of said petitioner now laid along San Jose avenue in the County of San Mateo, and also with the tracks of the railroad of petitioner about to be laid at the intersection of Mission road with the county line between the County of San Mateo and the City and County of San Francisco.

And your petitioner prays that your honorable board will, in accordance with law, grant petitioner a franchise for the term of fifty years, to operate a single or double track railroad by means of electricity with what is known as the overhead electric trolley system, together with all necessary and convenient side tracks, switches, turnouts, spur tracks, curves, wires, poles and other appliances for the operation thereof.

The following is a description of the route over which it is desired to operate said single or double track railroad:

Commencing at the intersection of the southern boundary line of the City and County of San Francisco with Mission road, and there connecting with the tracks of the railroad to be constructed thereon, thence in a southwesterly direction over, along and upon said Mission road to its intersection with San Jose avenue, and there connecting with the railroad tracks of petitioner already laid upon San Jose avenue.

Your petitioner hereby makes application for such franchise and for the right and privilege to construct, lay down and operate said single or double track railroad over, along and upon said road and highway above described, together with all necessary and convenient side tracks, switches, turnouts, spur tracks, curves, wires, poles, and other appliances for the operation thereof.

Antoine Borel asked for a similar privilege at a point near the Sharon dairy and it was granted.

Attorney Hall C. Ross appearing for Antone Borel filed a map of Burlingame Heights and asked that same be accepted. A resolution formally accepting the streets was adopted on motion of Eikerenkotter seconded by McCracken.

The petition of Chappell and others of Fair Oaks, that was presented last March, to have the extension of Atherton avenue opened its full width of forty feet was taken up and disposed of by the presentation of a deed by MacBain from the Mezes heirs, granting to the county a strip of land twenty feet wide. On motion of MacBain seconded by McCracken the deed was accepted and the Clerk authorized to record same in the road book of the county.

An offer was received from the Automatic Direct Line Telephone Company of San Francisco to wire the court house free of cost and install as many phones as are needed at a rental of $1 per month for each. A representative of the company exhibited one of the phones and explained its convenience to the members. The company also offered to wire the building for long distance service for $165. Both offers were accepted on motion of MacBain seconded by Eikerenkotter.

MacBain explained that there was no poundmaster in the Third Township, the office having been declared vacant some time ago. On his motion seconded by Debenedetti, William Cassie was selected to fill the vacancy.

C. N. Kirkbride, on behalf of the San Mateo School District, presented the papers showing the proceedings taken in the recent bond election to have been legally held.

On motion of McCracken seconded by Debenedetti the superintendent of the poor farm was authorized to transfer $96 to Mrs. Mary George of Pescadero.

A map of the Burlingame Villa Park was filed by H. S. Heaton and C. H. Morrell. The following resolution was adopted on motion of Eikerenkotter seconded by MacBain:

WHEREAS, Ralph S. Heaton and A Morrill, proprietors of a certain tract of land in the County of San Mateo, State of California, situated at Burlingame, being part of lands formerly owned by Wm. Corbitt, deceased, and being part of San Mateo Rancho, and now called "Burlingame Villa Park," have caused the same to be surveyed, laid out and subdivided into lots for the purpose of sale and have caused to be made an accurate map or plat thereof particularly setting forth and describing all the parcels of ground within such subdivision reserved for public purposes by their boundaries, courses and extent, and also all lots intended for sale by number of lot and their precise length, width and dimensions, said map being designated as "Map of Burlingame Villa Park," San Mateo county, Cal.; and said subdivision having been made by J. Geo. Smith, C. E., in May, 1905; and

Whereas, Said proprietors on the 5th day of June did duly acknowledge said map or plat before A. J. Henry, a notary public, in and for the City and County of San Francisco, State of California, and said notary did on said day affix thereto his certificate of such acknowledgement in due form of law; and

Whereas, The aforesaid map or plat is now presented to this board for acceptance;

Now therefore, Resolved, That none of the streets are accepted, on behalf of the public, by the Board of Supervisors of the County of San Mateo, State of California,—in accordance with an act of the Legislature of the State of California, entitled "An act requiring the recording of maps of cities, towns, additions to cities or towns, or subdivisions, etc.," as amended (Statutes of 1901, chapter CXXIV.), and the clerk of this board is directed to endorse the rejection of said streets on said map, as follows, to-wit:

"The streets as shown and designated on this map are not accepted by the Board of Supervisors of the County of San Mateo, in accordance with a resolution of said board, adopted June 5th, 1905."

Wednesday's Meeting.

The Board met Wednesday morning pursuant to adjournment Monday. All the members were present. The report of the committee appointed to select the color of marble to be used in the new court house was adopted, Debenedetti of the committee showed a sample of the marble selected. It is of a white and green shade to be used for the walls, and a dark shade for the base. The architect and contractor suggested several changes in the court house plans, but all the members of the board were for retrenchment and refused to permit any further extras.

MacBain was authorized to remove all the obstructions on the extension of Atherton avenue to the Welch road.

Ordinance No. 198 prohibiting the maintenance of all places breeding mosquitos and declaring such places a nuisance and providing a penalty for its violation, was adopted by the Board.

On motion of Eikerenkotter seconded by MacBain, balloting for a tax collector was declared in order. At the first ballot the vote was as follows: C. L. McCracken 2, George Luce 1, J. F. Johnston 1, John P. Weller 1. Three ballots were taken with the same result. On the fourth and fifth Weller received two votes, Luce being dropped.

A MAGNIFICENT SHOWING.

San Mateo County Building Association is a Boon to this City.

Promotion committees are now the order of the day in almost every progressive community, and occasionally the people in their zeal for new schemes of promotion overlook opportunities existing and at hand.

The San Mateo County Building and Loan Association of Redwood City, the fifteen annual statement of which appears on the fourth page of this issue, has been zealously and effectively promoting the interests of the community since it began business in 1890. It has in that time furnished the funds for building 484 homes of the aggregate value of $391,650, all of which have been or are now being paid for in monthly payments—little larger than rental would be for the same premises.

At the same time it has afforded to our citizens an opportunity for safely investing small monthly savings at a goodly rate of interest. In the fifteen years it has paid to its members for matured and surrendered shares the sum of $245,646 as dues paid by them and $95,497.75 as profits, or earning thereon. The management is certainly to be congratulated upon this magnificent showing and the community also, that savings can be so profitably kept at home to assist in its development.

Read the report and see what is being done right now without any flourish of trumpets, and then think what more could be done if all of our people invested their money at home for the benefit of themselves and the public generally.

The fire was started by Mr. Leonardi, the Mayfield painter, who while crossing the San Francisquito creek noticed that his coat was on fire. In attempting to jump from the rig he was caught on the brake and for a time was in great danger. He divested himself of his garments which set fire to the grass on the roadside and it spread to the adjoining field.

To Our Shareholders:

In presenting this, our Fifteenth annual report, we feel that we have cause to congratulate each other on the continued success of our Association.

While some of the Metropolitan Associations have la ely met with severe criticism from the press and officials of the State government, we have gone along in the even tenor of our way, increasing our membership and retaining the confidence and good will of the community.

Five hundred and fifty-seven shares have been sold during the year, and loans made aggregating the sum of $75,882.80.

Series numbers nine and ten, containing one hundred and eighty shares, have been matured and retired since our last report and $36,000 paid to members therefor, $22,500 being for dues returned and $13,500 profits accrued thereon.

257 shares were surrendered, upon which we returned the full amount paid thereon as dues, $5,607.10, together with $1,089.74 as profits earned.

We have no real estate on our hands and only two real estate contracts, on which there is now due but $309.90, about one-fifth of their value.

The net profits for the year were $15,580.45, an amount equal to .0875 per cent per annum interest; this has been apportioned to earnings, while $347.60 remains in the unapportioned fund.

The monthly payments are generally made quite promptly and the amount in arrears is not large for the volume of business transacted. The demand for loans has been greater than we could meet after redeeming so many shares as given above.

Our definite contract plan of making loans is becoming more popular as it becomes better known, the borrower always knowing exactly how he stands on any particular date, how much he has paid and how much he still owes, and not worried about when his shares will mature, as in the old plan.

Trusting that our efforts in your behalf have met with your approval, we are

Yours for further success and home building,

THE BOARD OF DIRECTORS,
By P. P. CHAMBERLAIN, President.

GEO. W. LOVIE, Secretary.

THE HONEYMOON

Tisn't likely that husband will feed wife actually all their lives, however fond he is on the wedding trip. Likely enough, however, he will pay for the feeding as long as life shall last—he should. Strict vegetarians read no further. Everything in the meat line that's considered first-class found every week-day in this first-class meat store. Lots of husbands and wives to prove it. They don't believe they're overcharged, either.
